The book Death by China is a Pearson release that challenges the dominant paradigm of a “Chinese Miracle” – the one featuring a modernizing, progressive Chinese state heading toward political reform and driving global economic growth with its new found embrace of capitalism and freedom. ‘Death by China,’ the book, provides all the details behind the Communist Party’s: “Weapons of Jobs Destruction”, aggressive military buildup, product quality nightmares, and human rights abuses. Order your copy today and enjoy the films with friends when it comes to your town.

“Like a modern day Paul Revere, this book offers the most urgent of warnings about how ... China is systematically destroying the American economy under the false banner of “free” trade – and in the process severely weakening our national defenses.”

Ian Fletcher, Senior Economist, Coalition for a Prosperous America:

“The authors rightly and squarely point the finger at all of the Corporate Turncoats and China Apologists in America who are helping to make China’s rise anything but peaceful.”

This film does not blame China.

It does not blame the Chinese People.

It blames the American government for opening up trade with a country like China.

It is the American government allowing China to destroy The manufacturing *and jobs* base within America.

When Americans come to understand what is really going on, They Will Demand Action!

What Is Being Done by and for the Rich and Multinationals Is NOT what is best for Americans.

<p>1:08:42</p> <p>We are a subsidiary of China and it is getting worse</p> <p>It is our Governments' Job to make sure that what corporations do makes sense for Americans</p> <p>As America is in a Trade war with China, the Communist Chinese government is at war with the Chinese people.</p>	
<p>The Communist Chinese Government Is Abusing workers, polluting cities, moving millions of Chinese farmers from the rural environment to work as slaves in big, polluted cities.</p>	

<p>Communist China</p>	
<p>1:13:32</p> <p>Rep. Dana Rohrabacher (R-CA)</p> <p>“There is danger out there</p> <p>We cannot treat a Communist dictatorship like we would treat a democratic country</p> <p>They have treated us like fools and we have been fools”</p>	

We Must Balance our Trade Import and Exports on Our Terms.

It is government’s job to ensure that the playing field benefits Americans first AND Multinationals.
