## EVIDENCE Part II-D

### Pull It – “9/11 Ripple Effect”

Statements by Larry Silverstein:

# A Real 9/11 Investigation

Below, Larry Silverstein, World Trade Center, Leaseholder

PBS video.

## Statements by Larry Silverstein:

“I remember getting a call from the fire department commander.

They said they were not going to be able to control the fires.

They made the decision to “Pull-It”. “ end of quote

For those of you not daily involved in the art of building demolition,

“Pull-It” is an industry term meaning ‘explode the charges placed to demolish’ a specific structure.

How did you and they know, Larry, that there were ‘demolition charges’ placed in WTC 7?

Why are you not in jail?
